PROFILE

I am an Interior Design graduate of the Savannah College of Art and Design (SCAD) seeking a professional career with an interior design firm. With a strong work ethic and proactive approach, I manage my time well and stay highly organized. I also have a proven ability to work well in a team environment and collaborate effectively with peers on complex, time sensitive projects. I am proficient in industry software including Revit, Enscape, AutoCAD, Adobe Creative Suite, Google Workspace, and Microsoft Office.

EXPERIENCE

Wright Gardner Architect, LLC - Atlanta, GA

Designer (full-time)

November 2025- present

Design Intern (part-time)

May 2022- October 2025

- Develop interior layouts and space planning concepts for residential and commercial projects from schematic design through construction documentation.
- Produce detailed drawing sets in Revit, including plans, elevations, and finish documentation, ensuring coordination and technical accuracy.
- Create quality renderings and client presentations to communicate design intent and support approvals.
- Select finishes, materials, fixtures, and furnishings aligned with project scope, budget, and overall design vision.
- Meet directly with clients to review concepts, material selections, and project progress across all phases.
- As an intern, I supported residential and commercial projects through as-built documentation, schematic layouts, redline revisions, and construction document coordination.

Contract Work - Atlanta, GA

Independent Designer

January 2026- present

- Partner with residential clients, contractors, sales representatives and realtors to deliver custom spatial planning, renderings, and construction drawings.
- Negotiate project rates, establish deliverables, and manage client billing and consultations from concept to completion.

Innvision Design Studio - Alpharetta, GA

Design Intern (full-time)

June - August 2025

- Supported hospitality projects from schematic design through documentation, including national brand hotels (i.e. Marriott, Hilton) and custom properties across the United States.
- Assisted with client presentations, prototype schematic packages, and vendor coordination for finish and material selections.
- Drafted and tagged plans, elevations, and public space layouts in AutoCAD, refining drawing accuracy through redline revisions.

EDUCATION

Savannah College of Art and Design - Atlanta, GA

BFA, Interior Design; November 2025

Summa Cum Laude
